Ciulli 1902®

La conoscenza perfetta dei materiali impiegati e la padronanza assoluta delle tecniche più complesse esercitate per lavorarli consentono all'azienda Antonio Ciulli e Figlio di creare oggetti incomparabili per gusto e qualità.

I riflessi dell'oro e dell'argento, le trasparenze dei cristalli e dei vetri danno corpo allo spazio che assume forme innovative e di grande tradizione.

La luce traspone da sete raffinate e colora marmi preziosi mentre le satinature sapienti legano alle persone raffinate cui sono destinati gli oggetti più rari che diventano intimamente morbidi al tatto.

Ogni ambiente assume così l'eleganza che soltanto un'esperienza secolare capace di rispondere alle istanze più nuove può garantire.

Its perfect knowledge of the materials used and its absolute mastery of the most advanced techniques to process them, allow the Company Antonio Ciulli e Figlio to create unique items in terms of taste and quality.

The reflections of gold and silver, the transparency of crystals and glass give shape to space, which takes on innovative forms of great tradition.

Light shines through refined silks and tints exclusive marbles, while masterly-made glazes create a special bond between the rarest items and their intended recipients, becoming intimately soft to the touch.

Each environment thus acquires a refinedness that only secular experience, capable of meeting the latest needs, can guarantee.

تعتبر المعرفة التامة بخصائص المواد المستخدمة بالإضافة إلى الإمكانيات الفنية الأكتر تقدماً للإنتاج من العوامل التي تؤهل شركة أنتونيو جيولي وأبناءه للإبداع في ابتكار منتجات لا يمكن مقارنتها من حيث الجودة والذوق.

تدخل الأضواء المنعكسة من الذهب والفضة، مع شفافية الكريستال والزجاج، لتجسد شكل المكان الذي يكتسب منظراً "متجداً" ذا طابع يحمل تقاليد عظيمة. ينبع الضوء من الحرير الرقيق ليضفي اللون على الرخام الشميم بينما تقوم النباتات المحترفة باجتذاب محبي الذوق الرفيع وهم مقصد المنتجات النادرة التي تلين برقة عند لمسها.

وهكذا يكتسب كل مكان الأناقة التي تنبع فقط من خبرات دامت قرونًا من الزمان، قادرة على ضمان كل ما هو مبدع.

Отличное знание используемых материалов и абсолютное владение сложнейшей техникой для их обработки позволяют предприятию «Антонио Чулли и Сын» создавать несравненные по вкусу и качеству предметы.

Отражения золота и серебра, прозрачность кристаллов и стекол придают форму объекту, который обновляется и следует традициям.

Проникновение света сквозь тончайший шелк окрашивает ценный мрамор, а мудрый атлас сливается с изысканными личностями, для которых и предназначены эти редкие предметы, становящиеся мягкими при прикосновении к ним.

Любая среда принимает элегантность, которую только вековой опыт может гарантировать и который, в свою очередь, отвечает всем новейшим требованиям.

DIRETTIVE ROHS – RAEE

I prodotti forniti dalla nostra società non contengono le sostanze proibite menzionate dalla direttiva 2002/95/EG (RoHS) del Consiglio Europeo, oppure queste sono presenti in misura inferiore ai limiti minimi stabiliti dalla Direttiva stessa. Per la normativa RAEE, valida per la Comunità Europea, tutti gli apparecchi d'illuminazione dovranno essere smaltiti a fine vita utilizzando gli appositi Consorzi di smaltimento autorizzati oppure riconsegnati alla nostra azienda che provvederà direttamente allo smaltimento di tali prodotti.

DIRECTIVES ROHS – RAEE

Articles proposed by our company don't contain forbidden substances mentioned in the directive 2002/95/EG (RoHS) of European Council, or they are presented in a lower measurement of the minimum limits settled by the directive.

For the law RAEE, valid for the European Community, all lighting accessories must be disposed of at the end of their life through appropriate consortiums of disposal or return back to our company, which will provide directly to the disposal of these articles.
