The quality and beauty of MARINER products have been successfully tried and tested in a wide variety of markets on all five continents. The company's international profile was confirmed soon after it was founded in the 19th century, because by 1915 MARINER had already sold its products in various European countries and the Americas.

Ferias como la de Milán (1927) o la de Filadelfia (1930) fueron testigos de su presencia en el exterior hace muchas décadas. El Salón de la Iluminación en París, Elektro Messehaus en Hannover, Euroluce en Milán, Herbst en Frankfurt, FINE en Beirut, las Ferias del Mueble en París y Colonia, así como las Ferias Internacionales del Mueble y la Iluminación en Valencia -éstas desde su fundación-, son muestras de la introducción de MARINER en los mercados internacionales que, en la actualidad, alcanza a más de cuarenta países.

MARINER IS ART

A constant feature in the history of MARINER, reaching back for over a century, has always been a passion for quality craftsmanship.

Our master craftsmen have always managed to transmit their experience and sensitivity generation after generation, bringing traditional methods into unison with modern manufacturing techniques and converting each project into an authentic work of art.

Designers, decorators, foundry workers, woodcarvers, lathe operators, fitters...

Each specialist makes his contribution to ensure that the final product responds to the philosophy that forms the Spirit of the company, emphasizing the traditional values of Quality, Beauty, Adaptation and Perfection. These values are pursued without fail in all MARINER projects, whatever they happen to be, from a simple loft to a spectacularly decorated suite.
