

HOLTKÖTTER

Holtkötter's history of building lamps goes back a long way. Franz Holtkötter founded the Holtkötter lighting business in Bad Waldliesborn, Westfalia in 1964. With help from his knowledge of hand crafting and his passion for light, he built the groundwork and developed what is now and continues to be an ongoing tradition of fine craftsmanship. Licht leben. High-quality materials, well-trained employees and a factory based on creating products from raw materials to the finished product, guarantees the highest quality available - Holtkötter Leuchten.

Al meer dan 45 jaar fabriceert de familie Holtkötter verlichting. In 1964 startte Franz Holtkötter in het Westfaalse Bad Waldliesborn de firma Holtkötter Leuchten GmbH. Met zijn Handwerk, Vakmanschap en Gevoel voor Licht legde hij de eerste steen voor een nog altijd durende familietraditie. Onze slogan: Licht Leben. Hoogwaardige materialen, goed opgeleide medewerkers en een bijna compleet zelfstandige vervaardiging. Van werktuigbouw via draaiërij en galvanische techniek tot aan de eindmontage en verpakking, garanderen de hoge kwaliteit van Holtkötter verlichting.

Leuchten zu bauen hat bei uns eine lange Geschichte. Franz Holtkötter gründete im Jahr 1964 die Holtkötter Leuchten GmbH im westfälischen Bad Waldliesborn. Mit seinem handwerklichen Können und seiner Leidenschaft für Licht legte er den Grundstein für eine bis heute andauernde Tradition. Licht leben.

Hochwertige Materialien, gut ausgebildete Mitarbeiter und eine nahezu komplett eigenständige Fertigung vom Werkzeugbau über Dreherei und Galvanik bis hin zur Endmontage und Verpackung garantieren die hohe Qualität der Holtkötter Leuchten.

La fabrication de luminaires a chez nous une très longue tradition. Franz Holtkötter à fonder en 1964 la manufacture Holtkötter Leuchten GmbH, qui se situe en Westphalie à Bad Waldliesborn Allemagne. Avec sa passion pour la lumière et sa qualité de travailleur manuel a donner le début d'une longue tradition. Vivre la lumière. Du matérielle de haute qualité est des salaries de très haut niveaux dans une fabrication complète avec, tournage, outillages, métallisation, montage final et emballage, nous permettons de vous garantir une très haute qualité de Holtkötter Leuchten.

La produzione di lampadari nella nostra azienda ha una lunga storia. Franz Holtkötter inizia la sua attività nel 1964 in un piccolo paese della Germania occidentale chiamato Bad Waldliesborn. La sua abilità artigianale e la sua passione per la luce sono fino a oggi la base per una tradizione costante di fine artigianato. Vivere la luce. Materiali di alta qualità, dipendenti ben istruiti, una completa conoscenza artigianale e delle attrezzature utilizzate, dalla tornitura alla galvanizzazione, fino al montaggio e al confezionamento garantiscono l'alta qualità dei nostri prodotti.

Präzision in der Verarbeitung durch moderne, computergestützte Technik und das feine Gespür jedes Mitarbeiters ergeben für Sie die Freude am Licht.

Precision in the process through modern computer technology and the fine sense of each employee allows you to enjoy the beauty of light.

La précision de fabrication avec l'aide de machines numérique et la sensibilité de chaque salariés, vous donne, beaucoup de joie dans la lumières.

Uiterste precisie in de vervaardiging door computergestuurde techniek en het de passie van alle medewerkers is het resultaat om voor U plezier aan licht te beleven.

La precisione nella lavorazione per mezzo di moderne tecnologie informatiche e la sensibilità di ogni nostro dipendente Vi trasmetteranno la gioia della luce.

NIEDERVOLT SCHIENENSYSTEM

Der Transformator ist in der Mitte der Schiene eingebaut. Als Sonderanfertigung kann der Transformator aber auch an jeder beliebigen Stelle der Schiene angebracht werden.

The Transformer comes centered on the track in the standard configuration, but it can be special ordered to be positioned anywhere along the track.

Les transformateurs sont toujours placés au centre du profil, à la demande il peut être placé sur mesure.

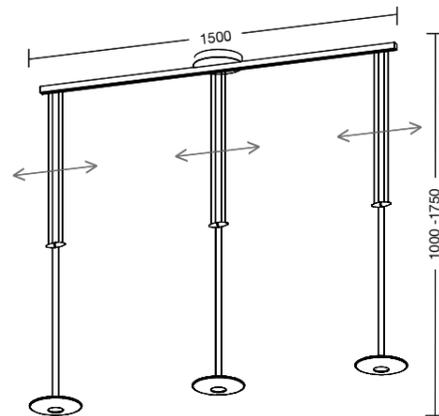

De transformator wordt centraal op de rail geplaatst. Op aanvraag kan de transformator op om het even welke plaats op de rail geplaatst worden.

Il trasformatore é montato nel mezzo del binario. A richiesta possiamo montare il trasformatore in qualunque parte del binario.
