# COMPANY

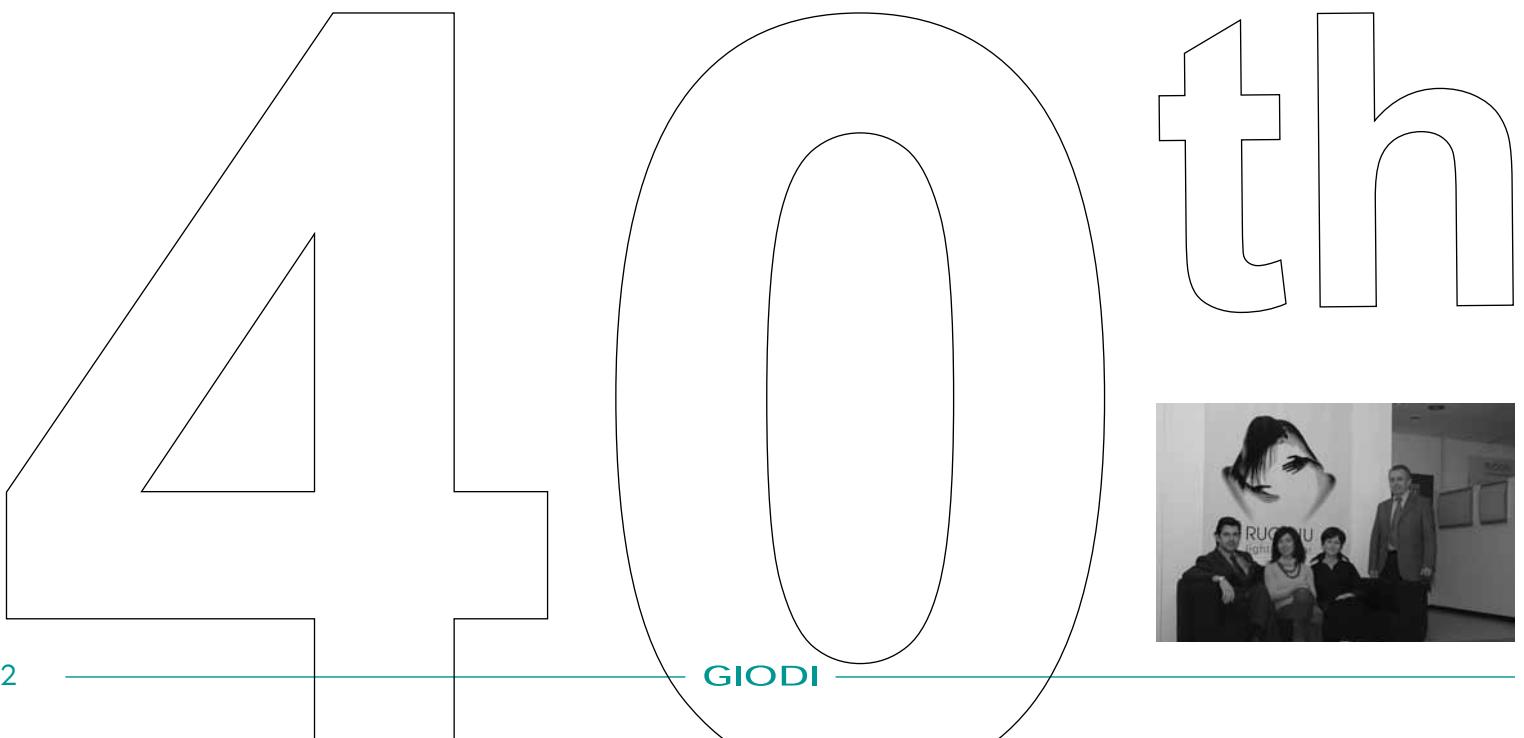

Grazie a più di 40 anni di attività imprenditoriale, RUGGIU lightingwear è l'azienda di famiglia che opera nel comparto degli apparecchi di illuminazione dagli anni '70 con il fondatore, Vittorio Ruggiu. Con due stabilimenti situati a Zero Branco (Tv), RUGGIU lightingwear è presente in modo capillare in Europa e nei principali mercati internazionali, distribuendo la sua vasta gamma di prodotti attraverso una rete vendita di agenzie e distributori qualificati. RUGGIU srl è da sempre impegnata in una continua ed evolutiva azione di ricerca, che oggigiorno trova nel Led un'ulteriore spinta innovativa. Le sue collezioni, infatti, rispecchiano appieno i temi attuali del risparmio energetico e delle nuove tecnologie, unitamente a valori estetici e funzionali.

With more than 40 years of activity, RUGGIU lightingwear is a family company, founded by Vittorio Ruggiu, specifying in the design, manufacture and supply of lighting products since the 70s. With two establishments located in Zero Branco (Tv), RUGGIU lightingwear distributes its products all over Europe and in the main International markets through a qualified network of agents and distributors. RUGGIU srl has always concentrated in continuous and evolving growth and has found nowadays further innovative impulse in the newest Led technology. Its collections, in fact, focus on the present relevant themes of energy savings along with aesthetic and functional values.

Seit mehr als 40 Jahren im Leuchtenbereich, ist RUGGIU lightingwear ein Familienunternehmen in der zweiten Generation, welches von Vittorio Ruggiu in den 70er Jahren gegründet wurde. Mit zwei Werken in Zero Branco (TV) ist Ruggiu in den wichtigsten Märkten Europas und in Übersee bekannt und tätig. Die Firma hat sich auf die Entwicklung, das Design und die Produktion hochwertiger Beleuchtung für den Innen- und kommerziellen Bereich spezialisiert und stellt drei Marken hauptsächlich vor, welche von einwandfreier Qualität, strengen Planungskriterien und hohen stilistischen Standards kennzeichnet werden.

RUGGIU lightingwear est une Société de famille, créée par son fondateur Vittorio Ruggiu, qui s'est toujours concentrée dans le design, production et distribution de produits d'éclairage depuis plus de 40 ans. Avec deux établissements situés à Zero Branco (Tv), RUGGIU lightingwear a gagné une réputation de qualité et fiabilité dans le monde entier; avec un réseau de distribution dans l'Europe et dans tous les grands marchés internationaux. RUGGIU lightingwear s'engage de manière continue à développer des produits innovatifs et différents, caractérisés par un haut contenu technologique; les collections aujourd'hui sont enrichies par la nouvelle technologie à led, qui a projeté la Société dans un univers nouveau.

Con más de 40 años de actividad, RUGGIU lightingwear es una empresa familiar, fundada por Vittorio Ruggiu, dedicada al diseño, desarrollo y fabricación de productos de iluminación decorativa y técnica. Gracias a sus diseños únicos, su enfoque en funcionalidad, gran calidad y fácil instalación de sus productos, RUGGIU srl se ha convertido en una de las empresas líderes en iluminación decorativa y técnica a nivel europeo y internacional.

# BRANDS

*Il campionario aziendale è articolato in tre diverse linee di prodotto, che utilizzano linguaggi espressivi diversissimi tra loro, sempre accomunati però da una stessa filosofia progettuale e da una stessa passione di RUGGIU per la luce.*

**Light Style**, prodotti dalla spiccata vocazione al design e alla ricerca tecnologica, che si proiettano verso il futuro con un abbondante utilizzo di fonti luminose a LED.

**iMORI**, apparecchi di illuminazione tecnica e commerciale orientati a risolvere le esigenze illuminotecniche con una grande attenzione al risparmio energetico e al controllo degli scenari luminosi.

**GIODI**, collezione di prodotti decorativi per uso abitativo e residenziale, con le forme pure e le linee essenziali di un design sempre attuale, capace di inserirsi in qualsiasi contesto architettonico.

*The products are distributed through three different product lines, which use very different expressive styles, yet sharing the very same planning philosophy and the same passion for Lighting.*

***Light Style** products characterised by a vocation for design and innovative technology, looking at the future with a massive use of LED technology.*

***iMORI** technical and commercial lighting, created specifically for architects, contractors, interior designers and electrical wholesalers, paying great attention to energy savings and the control of luminous scenarios.*

***GIODI** decorative lighting for domestic and residential use, characterised by the pure and essential lines of a timeless design, fitting into any architectural environment.*

RUGGIU srl stellt drei Marken hauptsächlich vor, welche von einwandfreier Qualität, strengen Planungskriterien und hohen stilistischen Standards kennzeichnet werden.

**Light Style** die Premium-Marke von RUGGIU, die von bekannten Designern entwickelt und konzipiert wurde, vereint neueste LED-Technologie und Materialien in außergewöhnlichem Design.

**iMORI** das technische Bereich, wo das Unternehmen als Marktführer gilt und verfügt weltweit über die wohl breiteste Produktpalette von Systemen, Profi-Downlights, LED Produkten usw in unterschiedlichen Designs.

**GIODI** Wohnraumleuchtenartikel, welche Atmosphäre, Stimmungen und Emotionen schaffen. Tradition und Innovation zusammen für diese Kollektion mit klaren Linien, funktionellem Design und keinen Schnörkeln.

*Les produits sont distribués par trois marques différentes pour satisfer n'importe quelle demande, du produit technique au produit de design, du produit décoratif au produit pour le secteur commercial.*

***Light Style** le produit haut de gamme, de très grande qualité et au design exclusif avec les avantages de la nouvelle technologie à LED.*

***iMORI** éclairage technique pour la mise en valeur des espaces architecturales et commerciaux.*

***GIODI** gamme de luminaires contemporains avec une polyvalence remarquable et un style indémodable et hautement décoratif.*

*La estrategia de la Compañía es proyectar, fabricar y distribuir productos agrupados en tres diferentes líneas*

***Light Style** productos de diseño y de forma innovadora, caracterizados por la innovación técnica de los LEDs.*

***iMORI** aparatos de iluminación para uso técnico comercial.*

***GIODI** colección de punto de luz para uso del hogar con diseño moderno.*

---

*È nella casa che troviamo la più grande varietà di ambienti per le diverse attività quotidiane: il piano di lavoro in cucina, l'angolo conversazione in soggiorno, lo studio dei ragazzi o il bagno sono ambienti che hanno ciascuno le proprie diverse esigenze che richiedono ognuno una specifica soluzione. Il corretto utilizzo della luce è essenziale per rispondere al bisogno funzionale, per creare un'atmosfera, per mettere in risalto un oggetto. La moltiplicazione dei punti luce in un ambiente consente di personalizzare l'atmosfera, di garantire un'illuminazione generale e armoniosa.*

*Each room in a house is used for different purposes such as cooking, socializing, homework or relaxing and as such needs to be lit effectively. Lighting is indeed one of the key elements that helps make your house a home, enhancing the decorating scheme in every room, improving colour and ambience. Each room has specific needs, involving the careful use of task, accent and ambient lighting. The choice of proper lighting will enable you to perform tasks easily, to feel safer and more comfortable, enjoying your home in full.*

*Das Wohnzimmer dient heute mehreren Funktionen, als gemütlicher Treffpunkt, als repräsentativer Raum, als Fernseh- oder Arbeitszimmer. Je nach Wohnfunktion, sollten hier die entsprechenden Leuchten platziert werden. Grundsätzlich gilt für alle Leuchten im Wohnzimmer, daß sie eine gute Lichtatmosphäre bringen sollen; daher kann man für eine optimale Beleuchtung mit den unterschiedlichsten Lampen sorgen.*

*Pour qu'une maison soit accueillante et fonctionnelle, il est important de choisir une lumière adaptée pour chaque pièce. Une lumière douce et reposante pour la chambre à coucher, une lumière la plus naturelle possible pour la cuisine, un éclairage générale pour le salon: grâce à la diversité des produits d'éclairage, on peut choisir le luminaire le plus adapté à nos exigences. Parce que un bon éclairage est particulièrement important dans l'amélioration de notre maison.*

*En nuestra casa nos encontramos con la mayor variedad de ambientes para la diversa actividad diaria: lugar de trabajo en la cocina, rincón de la tertulia en el salón, estudio para los niños o el cuarto de el baño, son ambientes que requieren por sus diversa exigencias, una solución concreta. La correcta utilización de la luz es esencial para responder a las necesidades funcionales, para crear una atmósfera y destacar un objeto. La multiplicación de los puntos de luz en un ambiente permite personalizar la atmósfera, garantizar una iluminación general armoniosa.*

---

*Lampada da tavolo, piantana, sospensione, applique, illuminazione diretta o indiretta: le soluzioni combinate arricchiscono l'ambiente, fanno cambiare l'atmosfera della stanza a seconda dell'umore e delle circostanze: giochi di luce ed ombre, creati da punti luminosi di bassa potenza, ad esempio, ispirano serenità, all'opposto, luce potente ed intensa, generata da apparecchi a luce riflessa, crea l'atmosfera propria di una festa, un momento di aggregazione in famiglia, una cena con amici. Da tutto ciò nasce l'ampia gamma di apparecchi proposti in questo catalogo che permette di rispondere alle esigenze di illuminare e conferire gradevolezza agli ambienti con apparecchi che rispondano a requisiti estetico-formali, in quanto oggetti d'arredamento.*

*Table and floor standing, pendant and wall mounted luminaires, giving direct, indirect or diffuse lighting: combined solutions that can create a pleasant and warm atmosphere in your room and make you feel more comfortable. Because lighting is an essential part of creating any interior: it can stir emotion, set a mood, create atmosphere, offer direction and guidance. Enjoy the vast choice of products offered in this catalogue, they allow for maximum flexibility and can perfectly respond to any aesthetic and formal requirements, illuminating and furnishing your room at the same time.*

*Tisch-, Stand-, Hänge- und Wandleuchten für diffuse, direkte und indirekte Lichtverteilung: die passende Beleuchtung spielt beim Einrichten eine große Rolle, denn Licht schafft Gemütlichkeit. GIODI bietet eine komplette Auswahl an Leuchtenserien mit bestmöglichen Variations- und Kombinationsmöglichkeiten an, um jeden Bereich des Wohnens (Haus, Hotel sowie auch Büro) optimal und raffiniert auszubeleuchten. Punktuelles Licht zum Arbeiten, Lesen oder Kochen und Licht als Akzent auf interessante Raumdetails oder in Form dekorativer Leuchten. Egal welche Stilrichtung Sie bevorzugen — wir freuen uns, Ihnen eine breite Auswahl vorstellen zu können. Vom edlen Ambiente im Wohn- und Esszimmer über Ausgefallenes und Neues für Kinderzimmer und Flur — für jeden Geschmack ist etwas dabei.*

*Lampes à poser, lampadaires, suspensions et appliques, éclairage directe ou indirecte, un mix des solutions pour donner la meilleure lumière selon l'occasion. Jeux de lumières et d'ombres, créées par des sources de basse puissance, nous inspirent sérénité, tandis que la lumière puissante et intense d'un appareil à lumière réfléchie, est la juste solution pour un moment de joyeuse agrégation. Voilà la structure et l'organisation qui nous permettent de vous offrir la vaste collection de lampes que vous trouvez dans le catalogue GIODI. Un choix complet où l'on y trouve pas simplement des lampes mais aussi des objets d'ameublement, caractérisés par des argumentations soit décoratives que techniques.*

*Luminaires de mesa, de pie, colgantes, apliques, Iluminación directa ó indirecta, la solución combinada relaza el ambiente, hace cambiar el ambiente de la estancia según las necesidades: luz ó penumbra, crea puntos luminosos de baja potencia que crean serenidad; o al contrario luz potente y intensa, generada por aparatos de luz indirecta, crea la atmósfera propia de una fiesta, un momento de reunión con la familia, una cena con amigos. Por todo ello nace una amplia gama de aparatos propuestos en éste Catálogo, que permiten ser una respuesta a la exigencia de iluminar y obtener ambientes agradables con aparatos que responden a requisitos estético-formales, en cuanto objetos de decoración.*

LED  
SMD

Serie di lampade a luce mista (diffusa sopra e diretta sotto) da parete, tavolo, terra e sospensione. Il riflettore è realizzato in metallo piegato che dà vita ad un elegante gioco di luci vedo-non-vedo, disponibile verniciato bianco o con applicazione di foglia oro 24K. Disponibile anche con illuminazione a LED SMD multi-chip a luce bianca naturale.

Modern collection of lamps including wall, table, floor and pendant versions giving mixed lighting (diffuse upwards and direct downwards). The reflector is in laser cut and bent metal, letting light filter through in a soft yet playful way. Available in white painted or with 24K gold foil. Also available with multi-chip SMD LED natural white light.

Kollektion von Hänge-, Wand-, Tisch- und Standleuchten für diffuse Lichtverteilung nach oben und direkte Lichtverteilung nach unten. Reflektor aus gebogenem und Lasercut Metall, verfügbar in weiß lackiert oder blattgold 24K. Die kleinen Schlitze ziehen die Blicke an und durch sie dringt das Licht auf die diskrete Art ein. Die Leuchte ist auch mit LED SMD multi-chip erhältlich, naturweiß.

Collection de lampes disponible en applique, table, lampadaire et suspension pour éclairage diffuse au dessus et directe vers le bas. Le réflecteur est en métal coupé laser et plié, disponible dans la finition vernisé blanc ou en feuille d'or 24K. Les petites fentes laissent filtrer la lumière dans une façon délicate et élégante. Le produit est aussi disponible dans la version avec LED SMD multi-chip, lumière blanche naturelle.

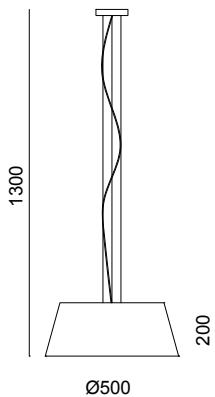

Serie de luminarias de luz difusa y directa de pared, mesa, pié, y suspensión. Reflector en metal realizado con tecnología láser y plegado para darle una forma simple pero al mismo tiempo elegante. Disponible en pintado blanco y con baño de oro 24K. Disponible tambien con LED SMD multi-chip a luz blanca natural.

Design Roberto Favaretto

LED  
SMD

Serie di lampade a sospensione e da soffitto a luce diffusa o emotiva con struttura in metallo verniciato. La cupola extralarge è avvolta da un morbido tessuto elasticizzato in lycra lavabile, facilmente smontabile per una rapida manutenzione. Le due fonti luminose possono essere utilizzate contemporaneamente o in modo separato, con la possibilità di creare una luce diffusa avvolgente o un'illuminazione emotiva con i LED RGB dalle luci morbide e colorate, che si mescolano con disinvolta per suggerire emozioni e per creare atmosfera. Disponibile nelle seguenti elettrificazioni: fluorescenza, LED SMD multichip, LED RGB o E27.

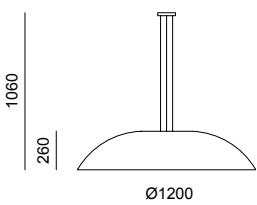

Collection of ceiling and pendant lamps that offers dual lighting: fluorescence to give diffuse lighting and coloured SMD LED lighting to create atmosphere. The piece is characterised by clean design and can adapt to any residential or contract environment. The frame is in metal, painted with epoxy powder coating, covered with a lycra washable stretch fabric: easy to change and to wash. Electrics 1x40W T5, 1x22W T5 or LED SMD and RGB LED -electronic ballast included. Available also with E27 incandescent lamps.

Stretch-Stoff rundet das Gesamtkonzept dieser Hänge- und Deckenleuchte eindrucksvoll ab. Geeignet für Energiesparlampen (oder LED SMD) und LED Farbwechsel RGB mit Dualswitch, erlaubt es zwischen 3 Betriebsarten zu wählen: Fluoreszenz um diffuses Licht zu geben, RGB Led um Atmosphäre zu schaffen oder beide zusammen. Die Struktur ist aus Metall lackiert mit Epoxid-Pulverbeschichtung, Lampenschirm aus Stretch-Lycra, 100% Spandex, einfach zu waschen. Bestückung 2xT5 (40W+22W) und RGB Led. Integrierter EVG. Diese moderne Hängeleuchte ist auch für E27 Glühlampen geeignet.

Collection de plafonniers et suspensions à double allumage: fluorescence (ou LED SMD) pour donner éclairage générale et LED en RGB pour susciter des émotions chez l'utilisateur. Structure en métal vernisé et peint à la poudre époxy, abatjour en tissu élastique Lycra facile à nettoyer. Équipé avec un sélecteur électrique, on peut choisir d'allumer seulement la fluorescence pour donner un éclairage général de haute qualité, seulement les leds en rgb pour créer des jeux de lumière et des scénographies ou les deux ensemble. Pour lampes fluo-compacts T5 (40W+22W) et Led RGB haute efficience. Ballast électrique intégré. Cette moderne suspension est disponible aussi dans la version E27.

Aurora est una lámpara colgante y de techo en la materia textil blanca del estiramiento (desprendible y lavable). Estructura en metal pintado con polvos epoxi, pantalla con tejido elástico lycra de fácil gestión. Dotado de doble switch, por encender sólo las lámparas fluorescentes por luz difusa, el Led RGB multicolour por luz creativa, atractiva y emocionante o los dos juntos por iluminación mixta. Electrificación: 2xT5 (40W+22W) ó LED SMD y Led en RGB – alimentador encorporado. Disponible tambien en la version E27.

*Sinuosi giochi di forme per KAA, lampada da Tavolo o Terra per illuminazione diretta e d'accento. La lampada è costituita da una base in metallo, stelo in acciaio flessibile, inglobato in un rivestimento in silicone, che le consentono la massima flessibilità e orientabilità. La testa è in acciaio. Il tutto disegnato con dei tratti decisi che ne esaltano lo spirito minimalista. L'illuminazione è data da un LED di potenza da 3.25Watt. Alimentatore elettronico a presa.*

*The sinuous, fluid movements of the snake are highly expressed in this versatile lamp for office and residential use. Available as a table and floor lamps, KAA can give direct and accent lighting. The luminaire is characterised by a solid full metal base and a flexible tube in a soft silicone extrusion. Head in chromed metal. Equipped with 3.25W power LED, electronic plug-in ballast.*

*Gewundene Lichtspiele für KAA, eine Kollektion von Tisch- und Standleuchten für direktes- und Akzentlicht. Struktur aus Metall, Flexarm aus Silikon und Kopf aus verchromtem Metall. Bestückung Power-LED 3.25W. EVG im Stecker integriert.*

*De sinueux jeux de lumière pour KAA, collection de lampes de table et lampadaire pour éclairage ponctuel et d'accent. Structure en métal, tige flexible en souple silicone et tête en métal chromé. Pour LED de puissance 3.25W. Ballast électrique intégré dans la prise de courant.*

*KAA, un cuerpo de iluminación suave y sinuoso moldeó de una manera que comunica eficacia, elegancia y estilo. Colección de lámparas de mesa y de pie de luz directa y de acento. Base en metal, brazo en extrusión de silicone, difusor en metal cromado. Equipado con LED de potencia 3.25W, alimentador eléctronico en la espina.*

Lampade a sospensione e da soffitto a luce diffusa. Il diffusore è realizzato da una sequenza di spire in silicone bianco o nero che si sovrappongono e si incrociano, in un’alternanza di pieni e vuoti da cui la luce filtra creando giochi di luce emotiva. Disponibile in versione fluorescente, E27 e LED SMD multi chip.

A free flowing and retro style for this fashionable product with vintage glamour, exalting simplicity and fashion. The Vintage collection of pendant and ceiling lamps is characterised by a diffuser made of white or black silicone rubber, whose alternation of empty and full wants to communicate through light and creativity a sober and balanced elegance. For use with fluorescence lighting or LED SMD with integrated electronic ballast. Available also with E27 incandescent lamps.

Kollektion von Decken- und Hängelampe mit diffusem Licht; Schirme aus spiralförmigem Silikongummi, erhältlich in weiß oder schwarz: zeitgenössische Signale eines Stils, das schlichte und ausgewogene Eleganz anbietet. Geeignet für Energiesparlampen oder LED SMD. Bestückung 2xT5 (40W+22W) oder multichip Led SMD mit integriertem EVG. Diese moderne Hängelampe ist auch für E27 Glühlampen geeignet.

Collection de plafonniers et suspensions pour éclairage diffuse. Diffuseur en silicone disponible en blanc ou noir, qui s'enroule en spirale; un style qui communique à travers des jeux de lumière créativité et élégance sobre et équilibrée. Pour lampes fluo-compactes T5 (40W+22W) ou Led SMD multichip, ballast électrique intégré. Cette moderne suspension est disponible aussi dans la version E27.

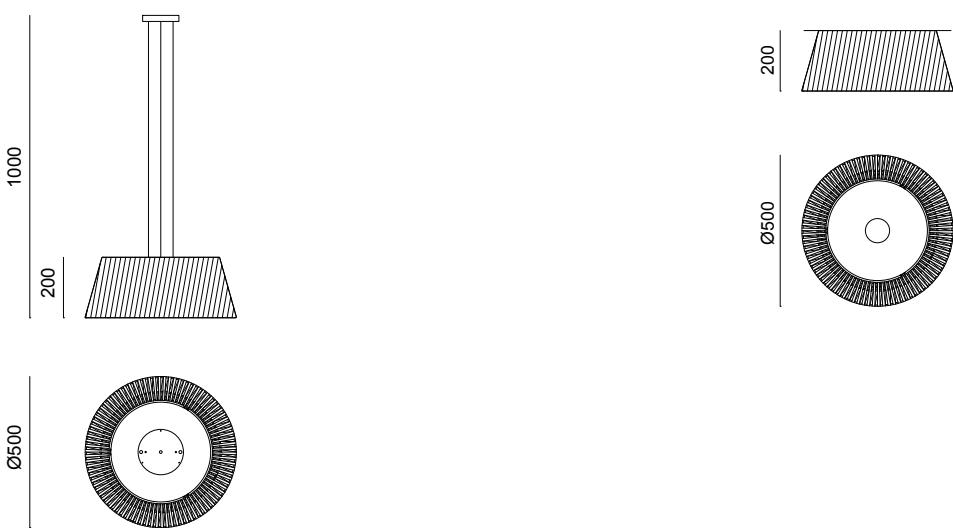

Serie de luminarias de luz difusa. El difusor se caracteriza por un espiral de silicona blanca ó negra, señales contemporáneas de un estilo que ofrece una elegancia sobria y equilibrada. La iluminación la facilitan dos lámparas fluorescentes T5 (40W+22W) ó LED SMD multichip con alimentador eléctrico incluido. Disponible tambien en la versión E27.

Design Roberto Favaretto

*Serie di lampade a luce diffusa da parete, tavolo, terra e sospensione. Struttura in metallo cromato, base in metallo verniciata nei colori bianco o nero. Diffusore in vetro extrachiaro serigrafato bianco o serigrafato nero e satinato o foglia oro 24k. Il decoro riprende motivi tipici degli anni sessanta rivisitandoli in un contesto attuale, creando interessanti effetti di trasparenze e bagliori diffusi.*

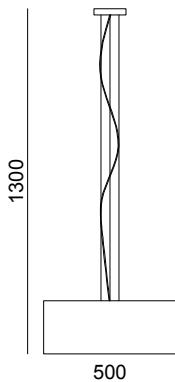

*Range of wall, table, floor and pendant lamps giving diffused light. Metal frame in chrome finish, painted base. Glass diffuser white silk-screen printed or satin black silk-screen printed or with gold foil. The collection is inspired by the 60s, yet still having a contemporary style; the elegant effects of transparencies and flashes make it unique for domestic and contract applications.*

*Leuchten Serie mit Streulicht für Wand-, Tisch-, Steh- und Hängeleuchte, Metallarmatur chrom, Basis lackiert. Diffusor aus extra-klarem und siebgedrucktem Glas weiß oder siebgedrucktem schwarz satiniert oder mit Gold-Folie. Die Kollection inspiriert sich zu den 60er-Jahren, jedoch mit einer Touch cooler Technik. Das Dekor des Glases bietet interessante Spiele von Transparenzen und diffusen Schimmern an. Geeignet für den Wohnbereich sowie auch für die Hotellerie.*

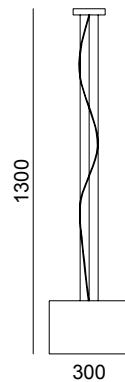

*Collection d'appliques, lampes de table, lampadaires et suspensions à lumière diffuse. Structure en métal, finition chromé, base vernisé. Diffuseur en verre extra-clair serigrafié blanc ou serigrafié noir et satiné ou avec détails en feuille or. Le décor reprend le style des années 60, toutefois lui donnant une touche absolument unique de fraîcheur et originalité dans le design. À noter les effets de transparence et de lueurs du verre serigraphié.*

*Serie de lámpara de luz difusa de pared, mesa, de pie y suspensión. Estructura de metal cromado, base pintada. Difusor de cristal extra-claro serigrafiado blanco ó serigrafiado negro y satinado ó con lámina de oro. La decoración toma motivos típicos de los años sesenta adecuandolos a un contexto actual, creando interesantes efectos de transparencia y difusos.*

# TAYLOR

Design Roberto Favaretto

LED  
SMD

Serie di lampade a sospensione o a parete, pensata per una personalizzazione dinamica. Struttura in metallo verniciato e testate in pressofusione con finitura bianca, grigia o cromo. Secondo i pannelli laterali scelti, la luce può essere diretta o diffusa. I pannelli sono disponibili in vari materiali e finiture: in lamiera verniciata bianco o nero; in lamiera forata verniciata bianca, nero o silver; di legno rimesso di wengé; in tessuto di pongé bianco; in cotonette con decoro damascato bianco o nero o in vetro verniciato bianco, foglia oro, foglia argento o specchio. Disponibile nelle versioni fluorescente T5 o LED SMD multichip.

Stylish wall and pendant luminaires designed to create a tailored solution to meet your specific needs. Made of painted metal with die-cast aluminium end caps, available in polished chrome, silver or white. A distinctive feature of the range is given by the wide collection of the side panels: they can be in metal (white or black painted), perforated metal screen (white, black or silver painted), wenge wood, pleated pongé white, fabrics with damask design, glass in white painted, gold or silver foil and mirror glass. For use with T5 lamps or with multichip LEDs.

Hänge- und Wandleuchten mit direkter und indirekter Lichtverteilung, die zahlreiche Individualisierungsmöglichkeiten anbieten können. Struktur aus lackiertem Metall mit Endstücken aus druckgegossenem Aluminium, verfügbar in chrom glänzend, silber und weiß lackiert. Das Unterteil ist ein Glas satiniert. Das typische Merkmal dieser Familie, welches noch den kompakten Eindruck dieser Kollektion verstärkt, ist die große Auswahl an attraktiven Seitenteilen, welche Ihnen die freie Wahl lässt, Ihre personalisierte Leuchte zu entwickeln. Seitenteile erhältlich in Metall (weiß oder Schwarz lackiert); Lochblech (weiß, silber oder schwarz lackiert); Wengeholz; Stoff weiß plissiert; Glas weiß satiniert, blattgold oder blattsilber; Spiegelglas. Bestückung: Energiesparlampe oder LED SMD Multichip.

Appliques et suspensions au design élégant et moderne, étudiées pour créer, personnaliser et optimiser votre produit d'une façon dynamique et esthétique. Structure en métal vernisé avec têtes de fermeture en aluminium moulé sous pression, disponibles en chromé brillant, silver ou blanc. Un vaste choix de diffuseurs (en métal, en verre, en méthacrylate, en bois wengé, en textile, en feuille or ou argent ou encore dans la version miroir) devient la caractéristique distinctive de la collection et renforce l'impression d'élégance et originalité de la famille; selon les diffuseurs qu'on utilise, le produit peut donner éclairage directe ou diffuse. À utiliser avec des lampes fluocompactes ou avec LED SMD multichip.

Aparato de iluminación de pared y colgante para iluminación difusa ó directa, adecuado por la decoracion de interiores y tambien la iluminacion de oficinas. La iluminación la facilita dos lámparas fluorescente compacto ó LED SMD Multichip. El cuerpo de la lámpara esta construido en metal pintado con tapa final en aluminio fundido a presión (acabado cromo brilante, silver ó pintado blanco). Una de las características por las que se destaca la familia Taylor es la variedad de difusores disponibles: en cristal, metacrilato, metal, madera, tejido y espejo.

## Indice protezione Protective degree      IP XY

Il prefisso IP (International Protection), seguito da due cifre significative, indica la resistenza offerta dall'apparecchio alla penetrazione di solidi e liquidi.

*The code IP (International Protection), followed by two significant numbers, states the resistance of the fitting to the penetration of solids and liquids.*

<p>La prima cifra identifica il grado di protezione contro l'ingresso di corpi solidi. <i>The first number identifies the protection degree against the entry of solid bodies.</i></p> <p>IP 1Y      Protetto contro la penetrazione di corpi solidi di dimensioni superiori a 50 mm. <i>Protected against the entry of solid bodies with dimensions of more than 50 mm.</i></p> <p>IP 2Y      Protetto contro la penetrazione di corpi solidi di dimensioni superiori a 12 mm. <i>Protected against the entry of solid bodies with dimensions of more than 12 mm.</i></p> <p>IP 3Y      Protetto contro la penetrazione di corpi solidi di dimensioni superiori a 2,5 mm. <i>Protected against the entry of solid bodies with dimensions of more than 2,5 mm.</i></p> <p>IP 4Y      Protetto contro la penetrazione di corpi solidi di dimensioni superiori a 1 mm. <i>Protected against the entry of solid bodies with dimensions of more than 1 mm.</i></p> <p>IP 5Y      Protetto contro la penetrazione della polvere. <i>Protected against entry of dust.</i></p> <p>IP 6Y      Protetto completamente contro la penetrazione della polvere. <i>Completely protected against entry of dust.</i></p>	<p>La seconda cifra identifica il grado di protezione contro l'ingresso di liquidi. <i>The second number identifies the protection degree against the entry of liquids.</i></p> <p>IP X0      Non protetto. <i>Unprotected.</i></p> <p>IP X1      Protetto contro le cadute verticali di gocce d'acqua. <i>Protected against the vertical falling of water drops.</i></p> <p>IP X2      Protetto contro le cadute dell'acqua con inclinazione massima di 15°. <i>Protected against the falling of water with maximum inclination of 15°.</i></p> <p>IP X3      Protetto contro la pioggia. <i>Protected against the rain.</i></p> <p>IP X4      Protetto contro gli spruzzi. <i>Protected against sprinklings.</i></p> <p>IP X5      Protetto contro i getti d'acqua. <i>Protected against water jets.</i></p> <p>IP X6      Protetto contro le onde. <i>Protected against heavy waves.</i></p> <p>IP X7      Protetto contro l'immersione temporanea. <i>Temporary immersion proof.</i></p>

### Legenda simboli Symbols

	<b>CLASSE I</b> <b>CLASS I</b>	Apparecchi con parti metalliche costantemente collegate al circuito di terra. <i>Equipment with metal parts constantly connected to the earth circuit.</i>
	<b>CLASSE II</b> <b>CLASS II</b>	Apparecchi con parti in tensione isolate tra loro e verso l'esterno con un doppio isolamento e senza dispositivi di messa a terra. <i>Equipment with live parts insulated from one another and from the outside with double insulation and without earthing devices.</i>
	<b>CLASSE III</b> <b>CLASS III</b>	Apparecchi alimentati con tensione di sicurezza inferiore ai 50V. <i>Equipment powered with safety voltage lower than 50V.</i>
	<b>CE</b>	Conforme alle direttive CEE. <i>Conformity with CEE directives.</i>
		Apparecchi idonei per essere montati su superfici normalmente infiammabili. <i>Equipment suitable to be fitted on normally inflammable surfaces.</i>

Tutti i prodotti di questo catalogo sono conformi alla direttiva RoHS (normativa 2002/95/CE).  
*All of the products in this catalogue are in compliance with the RoHS directive 2002/95/CE.*

A norma della Direttiva Europea 2000/55/EC sugli alimentatori per lampade fluorescenti si ricorda:  
"BALLAST MAGNETICI fino alla classe B2 sono banditi dal 01/09/2005"

*According to the European Directives 2000/55/EC on the ballasts for fluorescent lamps, we remind that "Magnetic Ballasts until Class B2 cannot be used from 01/09/2005"*

Nonostante l'impegno di fornire informazioni sempre più accurate, i dati riferiti ai prodotti, che RUGGIU SRL divulga in buona fede, sono da ritenersi puramente indicativi.

Nella continua ricerca di miglioramenti tecnici e funzionali, RUGGIU SRL si riserva il diritto di apportare, in qualsiasi momento, modifiche anche sostanziali ai prodotti.

Tutte le lampade illustrate in questo catalogo unitamente a tutto quanto in esso contenuto (testi, disegni, immagini) sono di proprietà di RUGGIU SRL e sono protetti dal Diritto di Riproduzione.

La marcatura CE indica che il prodotto soddisfa gli obblighi di legge in merito alle Direttive Comunitarie Europee applicabili allo stesso.

**Garanzia -** L'azienda produttrice garantisce il prodotto secondo le attuali Normative Europee. La garanzia prevista, comunque, non è operante nel caso di danni causati dal montaggio non a regola d'arte di terzi, di manomissione del manufatto e quant'altro non riferibile a difetti originari e/o di costruzione.

At RUGGIU SRL we are committed to providing completely accurate information. However, the data contained in the present catalogue are published in good faith only and should be considered as purely indicative.

All the luminaires illustrated in detail in this catalogue and all the materials pertaining there to (texts, drawings, photographs) are under Copyright protection.

The CE symbol is your assurance that the product bearing the mark meets all the requirements prescribed by law, as contained in the European Community directives which apply to that product.

**Guarantee -** The manufacturer guarantees its products according to the current European Directives. The guarantee on our products is not valid in case of any alterations or damage resulting from adaptations, changes or adjustments which may have been made to the product without the prior written consent of the manufacturer.

Obwohl wir uns darum bemühen, immer präzisere Informationen zu geben, sind die Daten, welche von der Fa. RUGGIU Srl in gutem Glauben verbreitet werden, als reine Richtwerte anzusehen. Alle Abbildungen und Angaben bezüglich Maße, Farbe usw unterliegen eventuellen produktionstechnischen Toleranzen und sind unverbindlich. Produktänderungen behalten wir uns jederzeit vor. RUGGIU steht für höchste Sicherheit und Qualität; alle unsere Artikel entsprechen den festgelegten europäischen Normen.

**Garantie:** die Herstellerfirma garantiert seine Produkte gemäß der aktuellen Europäischen Normen. Der Hersteller übernimmt keine Verantwortung für Verletzungen oder Schäden, die die Folge unsachgemäßen Gebrauchs der Leuchte sind.

Malgré tous nos efforts pour fournir des informations de plus en plus précises, les données inhérentes aux performances que RUGGIU srl communique en toute bonne foi ne doivent être considérés qu'à titre indicatif.

Tous les produits illustrés dans ce catalogue (textes, dessins, images) sont protégés par le droit de reproduction. Le symbole CE indique que le produit est conforme aux obligations législatives des directives communautaires applicables à ce produit-là.

**Garantie -** Tous nos produits bénéficient d'une Garantie Constructeur selon les Normes Européennes courantes. La garantie ne s'applique pas à tout dommage causé par le non-respect des instructions d'utilisation du produit.

No obstante el esfuerzo por suministrar informaciones cada vez mas precisas, los datos que se rifieren a las prestaciones que el RUGGIU SRL divulga de buena fe, se deben considerar como puramente indicativos.

Todos los modelos ilustradas de manera mas exacta en el presente catalogo junto a todo lo que contiene (textos, diseños, imágenes), estan protegidos por el derecho de reproducción.

**Garantía -** La empresa fabricante garantiza el producto según la normativa vigente en el país en que se comercializa el producto. La garantía prevista, pierde su validez por daños causados en el montaje ó en su manipulación, y por no cumplir las instrucciones de uso ó instalación y por cualquier otro motivo ajeno a defectos de fabricación.
