### ALLYSON

In perfect harmony with the historical style of the trade mark "Firme di Vetro", Allyson by Aureliano Toso comes once again from the profitable and excellent collaboration between the company and the two designers who make up Archirivolto.

A pure shape, perfectly spherical which is excellently interpreted with a contemporary spirit thanks to the curves of the shiny metallic cables which define the circle of this hanging lamp. The simplicity of the stylistics and shapes is enriched and embellished by the sparkle of tens of small multi-faceted crystal colour elements which adorn the lower part of the metal grill, making this new ceiling lamp a true jewel of the habitat.

The light emitted by Allyson, thanks to the play of the metallic rings and small glass spheres and to the low voltage light bulb, is pleasant, dynamic and diffused in the whole environment it illuminates.
