FLIRT

Flirt is the new hanging lamp designed by Archirivolto for Aureliano Toso, trade mark "Firme di Vetro".

It completely mirrors the philosophy of the brand, which has made the quality of the work and of the materials together with contemporary design one of its essential characteristics. Flirt is composed of an elegant diffuser in white blown glass with a wide ring shape, embraced by a long wire in light metal, which contains many transparent spheres in crystal which receive and dissipate the light.

A precious necklace of small transparent spheres as an ornament and function and a diffused and warm light define a refined and elegant lamp.

Sizes and emissions
Diameter cm 41x83 h (max 150)
1 incandescent light bulb or
halogen max 150W

Type: suspension lamp

Design: Archirivolto
